**ABSTRACT :** A trial was conducted to study the effect of different levels (0.5%, 1%, 2%) of *T. arjuna* on blood parameters in broilers. *T. arjuna* was used in 3 different forms such as powder, water extract and ethanolic extract. Results revealed that 2% ethanolic extracted *T. arjuna* significantly influenced blood glucose and total cholesterol content .

**Key Words :** *T. arjuna*, glucose, cholesterol, haemoglobin, SGOT, SGPT.
